

Take It On

Hook: 2x

We stand up in the face of the opposition,
We stand firm, cuz the Lord's given us a mission,
We keep tight, cuz we got a heavenly position,
We take it on everyday till we're finished living,

Verse 1:

I got a lot of dirt hidden in my soul, so I spill it,
I'm not a perfect person, I don't lie, I'm afflicted,
I used to judge people, but I dropped it like a pistol,
Cuz I was being hypocritical, Pharisee central,
Sin was my homey, we went back like the Terminator,
Got into some mess, than I met the Divine exterminator,
Cleaned up my act, took my sin and He smeared it,
Now the bugs are gone, and I'm filled with His Spirit,

[Hook]

Verse 2:

I hope you listening, I'm 'bout to blow your ears,
You heard it once, now I'm 'bout to spit the image clear,
We fight daily, It's War Season,
And we rebel cuz we're all guilty of treason,
Call us misfits, call us dum dum,
We don't care, we be reppin' till our time's done,
Say we immature, Say we off da hook,
But everything I spit comes from the Holy Book,
Sin's real, and you can try and run away,
But there's a fence forming round you like a pack-and-play,
Wait, Minus the play this is warfare,
There's a battle going on, get the signal flairs,
Grab the ammunition, we like to call it love,
We give to each other, even enemies (what?)
You heard me, this is real talk,
Now shut that porn off, and step into a Christ walk

[Hook]

Verse 3:

Step it up, and move it out,
Show the world what God's about,
I don't call it war for nothing bro,
So don't be backing out,

Press it in, when you weak,
When it's cold, bring the heat,
Cuz there's a bigger treat, waiting for you next to heaven's seat,
So, based on that I take it on day after day,
Represent like Lecrae, Church boys don't play,
Put them gloves on and fight,
Fight cuz Christ took his life,
For that finite hunk of evil that the culture calls a life,

[Hook]

Outro: 4x
Represent,
Get Crunk,
Represent,
Get Crunk,
If you know you reppin' Jesus go ahead and throw it up,
(On 4th time) and Take it On,
